3. Details of the Child

- Sunami Dinushani is a 17 year's old girl and she is the 2nd child in a family of two children. She has one older sister.
- Her father is a casual worker and heavily addicted to alcohol. Majority of his income is used to consume alcohol daily. Therefore, he does not take any responsibility for the family.
- Moreover, the mother and the children have to face their father's aggressive behavior every day.
- Mother is unable to give proper security for the children. She feels the children will be ill-treated by the father's bad behavior. Therefore, the Department of Probation and Child care transferred the child to the Children Corner Orphanage in January 2020 for better Education, Protection and well-being.
- Her sister is also another child development center for Protection and well-being. • Dinushani continues her studies staying at Children's Corner Orphanage. She is in grade 10 studying at Weragoda Wijayaba College.
