3. Details of the Child

• Mithuli Diathma is a 07 year's old girl and she is the only child in the family. • She is from a very deserving family. Her father passed away unexpectedly due to a kidney disease. • Her mother is working in a garment factory but her income is not sufficient to meet the family expenses. • There was no one to take care of the child when mother leaves for work. Therefore, child security was at a risk. • Due to this reason, Mithuli was directed to Mount Madonna Girl's Home – Wahakotte in April 2022 for better education, protection and well-being. • As per Sister in-charge, Mithuli is interested in her studies. With any kind of assistance, the child will be able to have a better education and a better life. • According to the project, Mithuli is in Grade 04, studying at St. Anthony's College – Wahakotte. Mithuli is interested in Singing. • Also, the child is currently trying to concentrate on her studies and she is happily staying with other children at Mount Madonna Girls' Home.
